A word from Mrs Bennett...

Dear Parents

Another week comes to an end and we are slowly getting used to the new normal. We now provide school places for 45 pupils, over four bubbles at Lanivet School.

We have been very impressed with the home learning; well-done parents and children, you are working so hard! In our weekly staff meetings we reflect on how we can improve our practice; how we can make the learning better at school and at home. What are the formats we providing to parents? What are the barriers to learning for some of our pupils and how can we help?

Thank you for all your positive feedback, it is much appreciated. Please come to us with any questions you might have, we are all in this together and want the best for all our families at school. Have a great weekend!

Plymouth Argyle sessions

Our pupils in school are having regular session with Plymouth Argyle, the sessions are light hearted and focused on player engagement. The coaches have been in touch to say how impressed they have been with our pupils behaviour and positivity even in the cold weather. Well done!

Thank you! Lanivet Parish Sport & Recreational Trust

The staff and pupils of Lanivet School would like to say a big thank you to the team at the community centre.

The school has been offered access to the Multi Use Games Area whenever we need it. This means that we can safely distance our pupil groups and allow them as much time as outside as possible.

Class Dojo & Tapestry

Thank you to all those parents working at home with their children, we know it's not easy! There has been some brilliant pieces of work uploaded this week and all the class teachers are very proud of the work children are producing at home with parent support.

If you have not yet activated your Class Dojo or Tapestry, or are having any issues with your login, please get in touch.

Mobile Data Increase

As you might be aware there are certain mobile phone networks that are temporarily increasing data allowances so children can continue to access remote education without incurring extra data charges. Please find below a link to a form for completion to allow our IT Team to capture the required information to send to the Department for Education to see whether this is possible.
